Dear Friends,

Thank you for placing your trust in the Amos family. Since 1946, my family has been privileged to serve thousands of families in their time of need. We are very grateful for the opportunity to serve you and your family. Our caring staff of dedicated professionals strive daily to provide the finest burial and cremation services to the families we serve. We have a lovely funeral home with spacious chapels and smaller areas for more intimate gatherings. We also have two on-site crematories which are used only for the families we serve.

Every life is unique and the memories of our loved ones are some of our most cherished possessions. We are here to help you celebrate the life of your loved one in a way that is appropriate and meaningful. As a locally owned family funeral home, we are not bound by corporate policies that restrict our ability to serve you.

The following price list is a guide to the many services we offer. If you have any questions about any of our services or wish to discuss some other type of ceremony, we are glad to help.

Sincerely,

Gregg Amos

**Professional Services**

**Basic Services of Funeral Director & Staff**

Our charge includes consultation with the family or responsible party, staff and facilities to respond to initial requests for service, coordinating service plans with cemetery, crematory and/or other parties involved in the final disposition of the deceased, securing official documents and necessary registrations, administrative and legal costs, employee benefits, support personnel, insurance, governmental compliance, taxes, and sheltering of the deceased. This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. This fee is already included in our charges for direct cremations, immediate burials and forwarding or receiving remains. The information listed above is just a glimpse at the extent of the services and facilities we offer. Approximately 60 working hours are involved in arranging and preparing for a funeral service. This translates into a rate of $48.00 per hour for our labor.

**Embalming**

Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing. If you do not want embalming you usually have the right to choose an arrangement that does not require you to pay for it, such as direct cremation or immediate burial. In cases where refrigeration is necessary, i.e., in lieu of embalming, this charge would apply.

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or burial vault will satisfy these requirements. To assist you in identifying a vault, we have assigned a numerical symbol to each vault.

A corresponding numerical symbol has been affixed to the upper left-hand corner of the vault price card, which is next to the vault.
